

REMOTE CONDENSING UNIT (RCU)

ITEMS

Item	Description
285111	RCU for M202 without Quick Connects
285115	RCU for M202 with Quick Connects
285113	RCU for CC303 without Quick Connects
285117	RCU for CC303 with Quick Connects

FEATURES

- Roof location reduces kitchen noise.
- Powerful units pair with high-capacity custard machines.
- Separate rooftop units save space in the kitchen.

DESCRIPTION

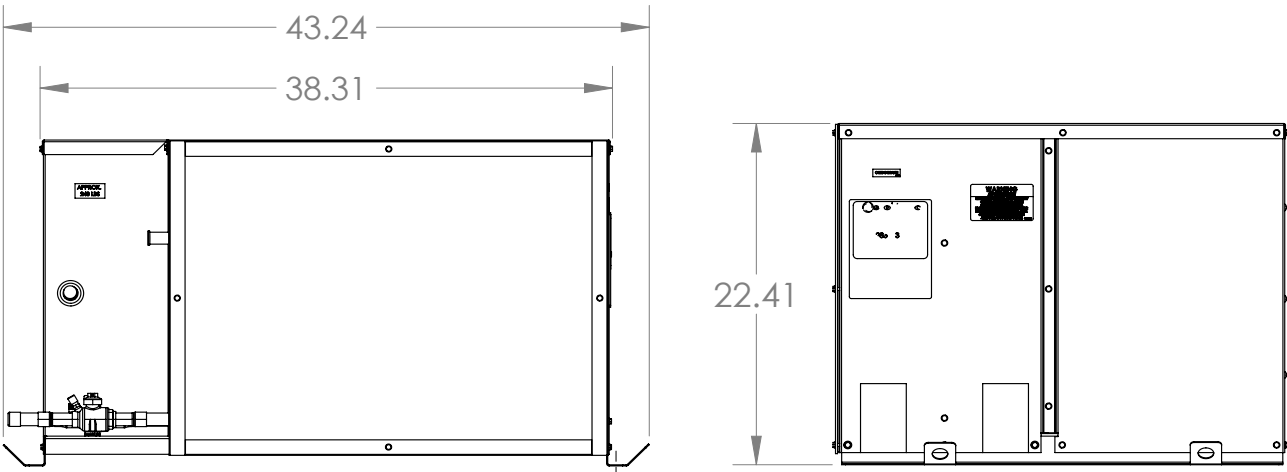

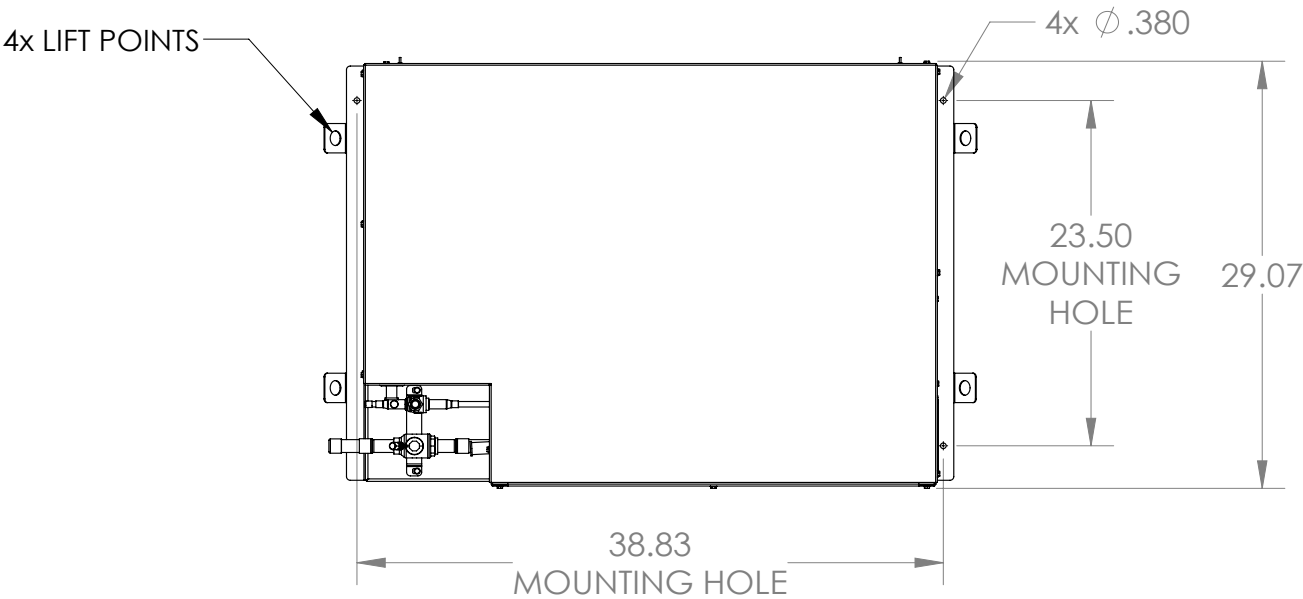

Stoelting® Remote Condensing Units are designed for use with Medium to High Capacity Custard Machines. One condenser is required for each freezing cylinder.

Continuous research leads to ongoing product improvements; therefore, these specifications are subject to change without notice and should not be used as installation specifications.
